

Municipality of Leamington Municipal Class Environmental Assessment

Seacliff Drive Improvements Notice of Completion

The Municipality of Leamington has completed a Municipal Class Environmental Assessment (EA) for improvements to Seacliff Drive, from Erie Street to Sherk Street. The proposed improvements include:

- two-way centre left turn lane from Lombardi Lane to approximately 130 m west of Erie Street
- dedicated left turn lane eastbound on Seacliff Drive to Erie Street and Sherk Street
- improved left turn lane northbound on Erie Street to Seacliff Drive
- four-lane Erie Street northbound, from Seacliff Drive
- continuous sidewalks on both sides of Seacliff Drive in the Study Area
- increased lane width (4.2 m wide) of through lanes on Seacliff Drive in order to accommodate "share the road" with cycling
- construction of a new storm sewer along Seacliff Drive
- upgrading of signalization of Seacliff Drive at Erie Street
- drop-off lane fronting Seacliff Park.

The Municipality has completed this project under **Schedule B** of the Municipal Engineers Association's *Municipal Class Environmental Assessment* (amended in 2007). An Environmental Screening Report has been completed and by this Notice is being placed on the public record for review. Subject to comments received as a result of this Notice and the receipt of necessary approvals, the project may proceed to final design and construction.

The Environmental Screening Report is available at the following locations:
