

Corporation of the Municipality of Leamington

Notice to Water Consumers

The Municipality of Leamington was advised by the Union Water System that the wholesale water rates being assessed to the municipality are being increased effective January 1, 2010.

Leamington has always been proactive in regards to full cost pricing of municipal water services; -- our rate structure has always been adequate in meeting past and future capital projects.

With the anticipated capital and operational initiatives suggested to both the Union Water System and the municipal distribution system the water rates will need to be adjusted to service our system improvements now and in the future.

Following are the water rates, which were approved by council effective January 1, 2010.

***Water Consumption by Residential, Commercial;
Water Meters LESS than 25 mm (1 inch):***

Category	Existing Rates	January 1, 2010 Rates
a) Basic water charge	\$15.00/month	\$18.00/month
b) Metered water	\$3.04/1000gallons \$0.6688/m3	\$3.09/1000gallons \$0.6798/m3
Monthly Flat Rate Users	\$40.00/month	\$43.00/month

***Water Consumption by Commercial, Greenhouse, Field Drip Irrigation;
Water Meters GREATER than 25mm (1 inch):***

Category	Existing Rates		January 1, 2010 Rates	
	Regulated Greenhouse / Commercial	Unregulated Greenhouse / Field Drip Irrigation	Regulated Greenhouse / Commercial	Unregulated Greenhouse / Field Drip Irrigation
a) Basic water charge	\$15.00/month	\$15.00/month	\$18.00/month	\$18.00/month
b) Metered water	\$3.32/1000gal. \$0.7304/m3	\$3.62/1000gal \$0.7964/m3	\$3.37/1000gal \$0.7414/m3	\$3.67/1000gal \$0.8074/m3
c) Unregulated Greenhouses over 3 acres:		\$7.24/1000gal. \$1.5928/m3		\$7.34/1000gal. \$1.6148/m3

Definitions: A regulated greenhouse must have a Municipality of Leamington approved on-site reservoir and rate of flow control system.
