

DRAFT - Facilitator Agenda (ver5)

Southeast Leamington Graduated Risk Floodplain Mapping Project

PIC #3 Online

The goals of this PIC are:

- Provide an overview of the project timelines and feedback from PIC#2;
- Update information on floodplain mapping, economic damage potential, and emergency access during storms;
- Consider draft adaptation options to increase community resilience to coastal hazards;
- Provide an opportunity to provide feedback on adaptation options through an online comment sheet.

Time in Minutes	Agenda item	Responsibility	Slide
1	Welcome and introduce Study Team	Janice	1-2
2	Meeting Goals, Agenda, Project timelines and feedback from PIC#2	Janice	3-7
25	<ul style="list-style-type: none">- Review of flood risk and erosion- Mandate and principles for concept development- Criteria to develop and evaluate concepts (feedback from PIC #2)- Lake Erie and climate change- Overview of flood and erosion risk- Scenario A, B, C	Pete	8-33
30	<ul style="list-style-type: none">- Draft Adaptation Concepts- Options 1 to 4- Key study findings and recommendations	Seth	34-66
2	<ul style="list-style-type: none">- Summary Comments and thank you- Next steps including presenting at Leamington Council Meeting- Online comment sheets to provide an opportunity for feedback	Janice	67
