THE CORPORATION OF THE
MUNICIPALITY OF LEAMINGTON

ZONING BY-LAW

NO. 890-09

A By-law to regulate the use of land, and the character, location and use of buildings and structures in the Corporation of the Municipality of Leamington.

WHEREAS the Council of the Corporation of the Municipality of Leamington deems it expedient to implement the Official Plan for the Corporation of the Municipality of Leamington;

AND WHEREAS authority is granted under the *Planning Act* to pass this By-law.

NOW THEREFORE the Council of the Corporation of the Municipality of Leamington enacts as follows:

SECTION 1 - GENERAL

1.1 Title

This By-law shall be known as the Corporation of the Municipality of Leamington Zoning By-law.

1.2 Application

The provisions of this By-law shall apply to all lands within the boundaries of the Corporation of the Municipality of Leamington as now or hereafter legally constituted.

1.3 Scope

No lot or lands or any part thereof shall be used or altered and no buildings or structures or any part thereof shall be erected, structurally altered or enlarged, or used, within the Corporation of the Municipality of Leamington except in conformity with the provisions of this By-law.

1.4 Replacement of Existing By-laws

From the coming into force of this By-law, all previous zoning by-laws passed under the *Planning Act*, shall be replaced by the provisions of this By-law except to the extent that any of the said by-laws prohibit the use of any land, building or structure for a purpose that is also prohibited by this By-law.

1.5 Application of Other By-laws

Nothing in this By-law shall serve to relieve any person from the obligation to comply with the requirements of the Ontario Building Code or any other by-law of the Corporation of the Municipality of Leamington in force from time to time or the obligation to obtain any licence, permit, authority or approval required under any by-law of the Corporation of the Municipality of Leamington.

1.6 Greater Restrictions of Others to Govern

Nothing in this By-law shall reduce the severity of restrictions lawfully imposed by a government authority having jurisdiction to make such restrictions.

1.7 Validity

Should any section, clause or provision of this By-law, including any part of the zoning as shown on the Zoning Maps, Schedule "A", be held by a court of competent jurisdiction to be invalid, the validity of the remainder of the By-law shall not be affected.

1.8 Effective Date

This By-law shall take effect from the date of passage by the Council of the Corporation of the Municipality of Leamington and shall come into force in accordance with the *Planning Act*.

1.9 Interpretation

1.9.1 General

a) Minimum Requirements

When interpreting and applying the provisions of this By-law, they are held to be the minimum requirements for the promotion of the health, safety, comfort, convenience and general welfare of the inhabitants of the Corporation of the Municipality of Leamington.

Except for those specifically stated as being maximum, any numerical figures in this By-law shall be the minimum requirements.

b) Meaning of Use

Unless the context otherwise requires, the expression "use" or "to use" in this By-law shall include anything done or permitted by the owner or occupant of any land, building, or structure, directly or indirectly or by or through any trustee, tenant, servant or agent, acting for or with the knowledge or consent of such owner or occupant, for the purpose of making use of the said land, building or structure.

c) Meaning of Shall

In this By-law, the word "shall" shall always be construed as mandatory.

d) Meaning of Building or Structure

A "building" or "structure" as defined herein shall include any part thereof.

e) Number and Gender

In this By-law, unless the contrary intention appears otherwise, words implying the singular number or the masculine gender only shall include more persons, parties, or things of the same kind than one, and females as well as males, and the converse.

1.9.2 Special Regulations for Defined Areas

To each defined area within any zone there shall apply such special regulations as may be established by the By-law with respect to such defined area and, in addition to such special regulations, all provisions of this By-law including the general regulations applicable to the zone within which the defined area is located shall apply to the defined area, provided that, unless a contrary intention appears from the special regulations:

- a) if the special regulations are different from the corresponding regulations of this By-law, including the general regulations applicable to the zone within which the defined area is located, the special regulations shall supersede and prevail over such corresponding regulations of this By-law;
- b) if the special regulations establish one or more specifically permitted uses for the defined area, such permitted use or uses shall be the only purpose or purposes for which the defined area may be used; and
- c) if the special regulations specifically permit one or more uses in addition to those otherwise permitted in the zone within which the defined area is located, any and all of the special regulations applicable to the defined area shall apply only to the additional permitted use or uses and not to uses otherwise permitted in the zone.

SECTION 2 - ADMINISTRATION AND ENFORCEMENT

2.1 Administration

This By-law shall be administered by the Manager of Planning Services or such other person as the Council of the Corporation of the Municipality of Leamington designates.

2.2 Consents, Licences and Permits

No consent, municipal permit, certificate, or licence shall be issued for a proposed use of land or a proposed erection, alteration, enlargement or use of any building or structure that is in violation of any provisions of this By-law.

In particular, no lot shall be changed in area, depth or width, either by the conveyance of land or otherwise, so that the lot coverage exceeds the maximum permitted by this By-law, or so that the existing or resulting lot area, lot width or yards will be less than the minimum permitted by the provision of this By-law unless the necessary variances have been granted by the Corporation of the Municipality of Leamington's Committee of Adjustment.

2.3 Buildings to be Moved

No building shall be moved within the limits of the Corporation of the Municipality of Leamington or shall be moved into the Corporation of the Municipality of Leamington from outside, without a permit from the Chief Building Official or such other person as the Council of the Corporation of the Municipality of Leamington designates. The applicant shall be responsible for providing all other required notifications and obtaining all other required approvals.

2.4 Building Permits

In addition to fulfilling the requirements of this By-law, no person shall erect, occupy, alter or enlarge any building or structure until a building permit, pursuant to the *Building Code Act* and regulations thereto has been applied for and received from the Chief Building Official.

2.5 Inspection of Premises

- a) Subject to subsection 2.5 (b) of this By-law, the Chief Building Official or any employee of the Corporation of the Municipality of Leamington acting under direction may, at any reasonable hour, enter and inspect a property where there is reason to believe that any land has been used or any building or structure has been erected, structurally altered or enlarged, or used, in violation of any of the provisions of this By-law.
- b) Except under the authority of a search warrant issued under *The Planning Act*, an officer or any person acting under his or her instructions shall not enter any room or place actually used as a dwelling without requesting and obtaining the consent of the occupier, first having informed the occupier that the right of entry may be refused and entry made only under the authority of a search warrant.

2.6 Injunction

In case the whole or any part of any building or structure is or is proposed to be used, erected, structurally altered, enlarged or extended or the whole or any part of any lot is or is proposed to be used, in contravention of this By-law, such contravention may be restrained by action of the Corporation of the Municipality of Leamington or of any ratepayer pursuant to the applicable law in force at the time of such contravention.

2.7 Violations and Penalties

Any person convicted of a breach of any of the provisions of this By-law shall be liable to a fine not to exceed the maximum amount stipulated in the *Planning Act*, as amended, exclusive of costs, for each offence, and every such penalty shall be recoverable under the *Provincial Offences Act*, as amended.

2.8 Lands under Water

All lands under water of Lake Erie and various watercourses within the Corporation of the Municipality of Leamington are subject to this By-law in addition to the requirements of both federal and provincial legislation. All lands under water not zoned Environmental Protection (EP) shall be used in accordance with the zoning of abutting or riparian lands and the regulations of this By-law.

Where an encroachment onto the bed of the waterbody is proposed, permission to construct or install the in-water and/or shoreline structure or facility shall only be permitted if approval to occupy the area has been obtained from relevant Conservation Authority and/or the Provincial or Federal Government having jurisdiction.

SECTION 3 - DEFINITIONS

For the purpose of this By-law, the definitions given herein shall govern.

- 3.1 **ACCESSORY**, when used to describe a use, building or structure, shall mean a use, a building or a structure that is normally incidental, subordinate and exclusively devoted to a main use, building or structure and that is located on the same lot therewith, and includes a detached private garage, a detached portable storage shelter, a bed and breakfast establishment, a farm occupation, a home occupation or a road side stand and does not include a fence or a sign and does not include a single unit detached dwelling in an Agricultural Zone.
- 3.2 **ADULT ENTERTAINMENT ESTABLISHMENT**, shall mean any premises or part thereof in which is provided, in pursuance of a trade, calling, business or occupation, goods or services appealing to or designed to appeal to erotic or sexual appetites or inclinations. For the purpose of this paragraph, the following shall apply:
- a) "to provide" when used in relation to goods includes to sell, offer to sell or display for sale, by retail or otherwise such goods, and "Providing" and "provision" shall have a corresponding meaning;
 - b) "to provide" when used in relation to services includes to furnish, perform, solicit, or give such services and "Providing" and "Provision" shall have a corresponding meaning;
 - c) "services" includes activities, facilities, performances, exhibitions, viewings and encounters but does not include the exhibition of films under the *Theatres Act*;
 - d) "services designed to appeal to erotic or sexual appetites or inclinations" includes:
 - i) services of which a principal feature or characteristic is the nudity or partial nudity of any person;
 - ii) services in respect of which the word "nude", "naked", "topless", "bottomless", "sexy" or any other word or any picture, symbol or representation having like meaning or implication is used in any advertisement;
 - e) but does not include premises or part of them where body rubs performed, offered or solicited are for the purpose of medical or therapeutic treatment and are performed or offered by persons otherwise duly qualified, licensed or registered to do so under the laws of the Provinces of Ontario as defined in subsection 151 (2) of the *Municipal Act*.
- 3.3 **ADULT VIDEO RENTAL ESTABLISHMENT**, shall mean an establishment where pre-recorded video tape, video disks, CD's, DVD's, game cartridges, video cameras or video players/recorders or similar electronic materials are offered for rent or rented as a principal or accessory business activity and/or includes the sale of electronic home entertainment products, computer disks, software, CD-ROMS or other computerized systems designed or advertised as designed to appeal to erotic or sexual appetites or inclinations, and is not considered as a retail store as a permitted use.

- 3.4 **ADVERSE EFFECTS**, shall mean one or more of:
- i) impairment of the quality of the natural environment for any use that can be made of it;
 - ii) injury or damage to property or plant or animal life;
 - iii) harm or material discomfort to any person;
 - iv) an adverse effect on the health of any person;
 - v) impairment of the safety of any person;
 - vi) rendering any property or plant or animal life unfit for human use;
 - vii) loss of enjoyment of normal use of property; and
 - viii) interference with normal conduct of business.
- 3.5 **AGGREGATE**, shall mean gravel, sand, clay, earth, shale, limestone, dolostone, sandstone, marble, granite, rock or other prescribed material under the *Aggregate Resources Act*.
- 3.6 **AGRICULTURAL USES**, shall mean the growing of crops, including nursery and horticultural crop; greenhouses, raising of livestock, raising of other animals for food, fur or fibre, including poultry and fish; aquaculture; apiaries; agro-forestry; maple syrup production and associated on-farm buildings and structures, including accommodation for full-time farm labour when the size and nature of the operation requires additional employment.
- 3.7 **AGRICULTURAL USE, LIVESTOCK INTENSIVE**, shall mean an agricultural use consisting of the harbouring of a specific type of livestock or poultry in a certain type of housing situation in a manner in which the number of animals units per year would be greater than one nutrient unit per acre. In addition, any combination of livestock or poultry types shall constitute a livestock intensive agricultural use if the total number of nutrient units is greater than one nutrient unit per acre. Notwithstanding the foregoing, any agricultural use consisting of ten or more nutrient units shall be a livestock intensive agricultural use for the purposes of this By-law.
- 3.8 **AGRICULTURALLY-RELATED USES**, shall mean those farm-related commercial and farm-related industrial uses that are small scale and directly related to the farm operation and are required in proximity to the farm operation.
- 3.9 **ALLEY**, shall mean a commons vested in the Corporation of the Municipality of Leamington which affords only a secondary means of access to abutting lots and which is not intended for general traffic circulation.
- 3.10 **ALTER**, shall mean:
- a) When used in reference to a building, structure or part thereof, it shall mean:
 - i) to change any one or more of the external dimensions of such building or to change the structural components of a building such as a bearing wall, partition, column, beam, girder or other supporting member; or
 - ii) to increase or change the area or cubic contents of a building or structure; or
 - iii) to change the type of construction of the exterior walls or roof of such building or structures; or

- iv) to change the use of such building or structure or the number or types of uses or dwelling units contained therein.
- b) When used in reference to a lot it shall mean:
- i) to change the boundary of such lot with respect to a highway, street or road or lane, whether such alteration is made by conveyance or alienation of any portion of the lot; or
 - ii) to change any dimension or area, relating to such lot including the lot depth, lot area, lot frontage; or
 - iii) to change a required zone standard, setback, required yard, landscaped open space or parking area; or
 - iv) to change the use of such lot or the number of uses located thereon.
- c) When used in reference to a shoreline it shall mean:
- i) to change, straighten, divert or interfere in any way with the channel of any water course.

“Altered” and “Alteration” shall have a corresponding meaning.

- 3.11 **AMENITY AREA**, shall mean an area upon a lot or within a building which is used for active or passive recreational purposes and includes, for example, patios, landscaped open space, walkways, balconies, swimming pools, and communal rooms and similar uses but does not include parking or driveway areas.
- 3.12 **AMUSEMENT ARCADE**, shall mean any premises or part thereof containing four or more electronic, mechanical pinball or amusement game machines operated for gain and made available for the entertainment or amusement of the general public. This definition shall not include establishments which sell such devices, provided that such devices are not made available on the premises for use on a commercial basis by the public.
- 3.13 **AMUSEMENT GAME MACHINE**, shall mean a mechanical, electrical or electronic device activated by the insertion of a coin, token or credit card for the play of a game of chance and/or skill that is not contrary to the Criminal Code of Canada.
- 3.14 **ANAEROBIC DIGESTER**, shall mean an enclosed vessel in which micro-organisms break down organic materials (e.g. manure and other organic materials), in the absence of oxygen, resulting in the production of biogases, consisting primarily of methane and carbon dioxide. The Minimum Distance Separation Formulae (MDS) I and II, is to be applied to on-farm anaerobic digesters, which utilize manure as an input. - 3.251 **TRUCK DEPOT**, shall mean land, structures or buildings used to store, repair, service or dispatch trucks or vehicles and shall include a transport and truck terminal for the loading of transport vehicles, but shall not include an industrial use for which trucks or vehicles are an accessory use.

- 3.252 **USE**, shall mean the purpose for which any lot, building or structure is designed, arranged, occupied or used.
- 3.253 **UTILITY TRAILER**, shall mean a vehicle used for hauling such items as landscaping material, motorcycle, dirt bike, snowmobile or golf cart.
- 3.254 **WAREHOUSING**, shall mean a building or structure used for the storage of any goods, wares, merchandise, substance, article or thing, and shall include whatever treatment or packaging that may be necessary for storage but does not include the storage of used tires or hazardous materials.
- 3.255 **WASTE DISPOSAL SITE OR PROCESSING FACILITY**, shall mean any land, buildings or parts of buildings in which refuse or domestic or industrial waste is deposited or processed and any machinery or equipment or operation for the treatment or disposal of waste.
- 3.256 **WATERCOURSE**, shall mean the natural channel for a stream of water.
- 3.257 **WHOLESALE**, shall mean a lot, building or structure used for the resale of goods to persons in large quantities.
- 3.258 **WIND FARM, COMMERCIAL**, shall mean a development of two or more wind turbines on one or more lots, together with any appurtenances, electrical transmission infrastructure and accessory facilities, where said development is connected to the provincial transmission grid and generating electricity for sale off-site.
- 3.259 **WIND FARM ACCESSORY FACILITIES**, shall mean those buildings, structures, equipment, machinery, and other devices required for the operation and maintenance of a wind farm, including but not limited to access roads, collector and feeder lines, transformers, transmission lines, maintenance and control buildings, and sub stations.
- 3.260 **WIND TURBINE**, shall mean a structure including a tower, nacelle, blades, internal transformers and related appurtenances which is designed to convert wind into useable energy and which its sole purpose is to provide electricity to a building which exists on the same site as the turbine where any excess electricity would be retained on the property or sold into the grid system operated by Ontario Power Authority.
- 3.261 **WIND TURBINE, COMMERCIAL**, shall mean a structure including a tower, nacelle, blades, internal transformers and related appurtenances which is designed to convert wind into useable energy for the purpose of inclusion into the electrical grid system or an electrical grid system operated by Ontario Power Authority.
- 3.262 **WIND TURBINE HEIGHT**, shall mean the distance measured from the uppermost vertical extension of any turbine blade to the average finished grade at the base of the tower.
- 3.263 **YARD**, shall mean an open space on the same lot with a main building or structure, unoccupied and unobstructed except as otherwise provided in this By-law. In determining the following yard measurements, the minimum horizontal distance between the main building or structure and the respective lot lines measured perpendicular from the lot line

shall be used (see illustration):

- a) **FRONT YARD** shall mean a yard extending across the full width of a lot between the front lot line and the nearest wall of the main building or structure on the lot;
- b) **REAR YARD** shall mean a yard extending across the full width of a lot between the rear lot line and the nearest wall of the main building or structure on the lot;
- c) **SIDE YARD** shall mean a yard between the nearest wall of the main building or structure on the lot and the side lot line and extending from the front yard (or front lot line, if no front yard is required) to the rear yard (or rear lot line, if no rear yard is required).

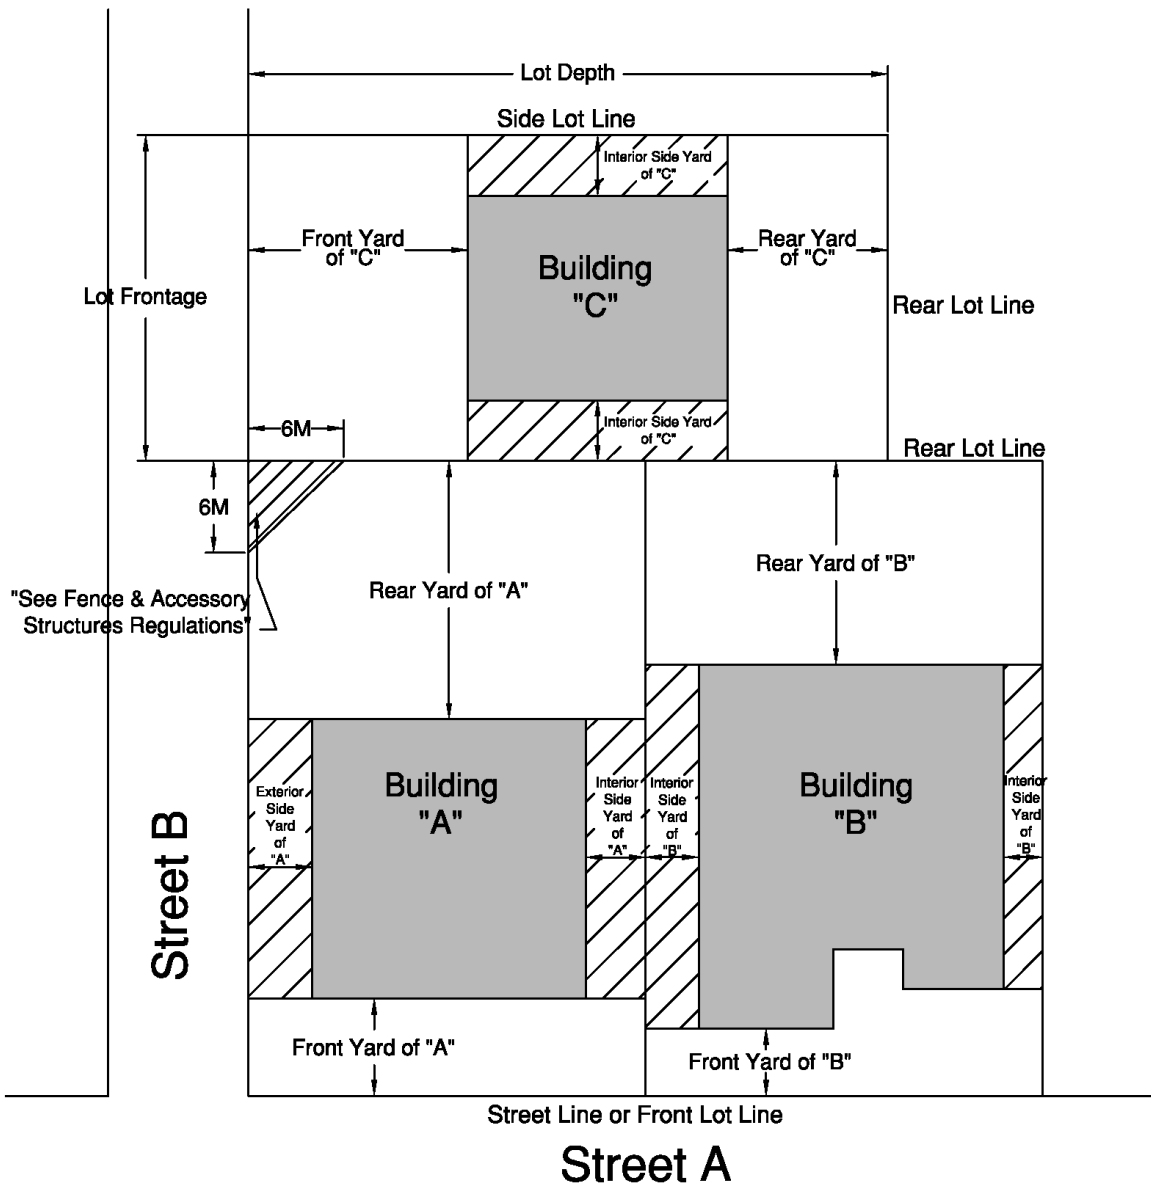

3.264 **YARD, EXTERIOR SIDE**, shall mean a side yard immediately adjoining a street.

3.265 **YARD, INTERIOR SIDE**, shall mean any side yard other than an exterior side yard.

3.266 **YARD, REQUIRED**, shall mean the minimum yard requirements as established for the various zones contained within this By-law.

3.267 **ZONE**, shall mean an area delineated on a zoning map schedule and established and designated by this By-law for a specific use or group of uses.

Note: The above illustration is for clarification and convenience only and does not form part of this by-law.

SECTION 4 - GENERAL PROVISIONS

4.1 Accessory Uses, Buildings and Structures

Accessory uses, buildings or structures are permitted in any yard, in any zone, subject to the provisions of this By-law for the particular zone in which said building or structure is in or use is located and provided that they:

- a) shall not be used for human habitation, except where a residential dwelling unit is a permitted accessory use;
- b) shall not be built closer to the front lot line or exterior side lot line than the minimum distance required by this By-law for the main building on the lot unless the lot abuts Lake Erie. Accessory buildings or structures shall not be built closer than 1 m (3.28 ft) from the front lot line for lots that abut Lake Erie;
- c) shall not be built closer than 1 m (3.28 ft) to any interior side lot line and 1 m (3.28 ft) to any rear lot line except:
 - i) that common semi-detached private garages, decks or carports may be centred on a mutual side lot line;
 - ii) that in the case where a side or rear lot line for a commercial or industrial use abuts a residential or holding residential zone, accessory uses, buildings or structure shall comply with the minimum required yard for the main building on the lot;
- d) shall not exceed 10 % coverage of the total lot area;
- e) shall not exceed 1 storey and the following maximum heights:
 - i) in all residential zones, 4.5 m (14.76 ft);
 - ii) in all agricultural zones, 6 m (19.68 ft);
 - iii) in all other zones, 10 m (32.80 ft);
- f) shall not be built within 2 m (6.56 ft) of the main building or from another accessory building, structure or use;
- g) shall not be considered as an accessory building or structure if attached to the main building in any way;
- h) shall not be permitted without a main building or structure; and
- i) where a required rear yard abuts a required front yard of an abutting property, the accessory building or structure shall not be located within a triangular space for a distance of 6 m (19.68 ft) measured along the exterior lot line and the interior lot line of the abutting lot (see illustration of "Yard" in the definitions).

4.2 Automobile Service Stations, Automobile Washing Establishments, Gasoline Bas or Gasoline Card Lock Facilities

Despite any other provisions contained in this By-law, for all zones within which an automotive service station, automotive washing establishment, gasoline bar, and/or gasoline card lock facility is permitted the following shall apply:

a) Pump Island Location

The minimum setback between the pump island or pumps and any front lot line shall be 4.5 m (14.76 ft) or, where the lot is a corner lot, the minimum setback shall be 3 m (9.84 ft) from an exterior lot line, provided the sight visibility triangle requirements in subsection 4.51 are met.

b) Overhead Canopy Setback

The minimum setback of an overhead pump island canopies shall be 3 m (9.84 ft) from any lot line.

c) Propane Tanks and Gasoline Storage Tanks

No person shall erect or use a bulk propane storage tank at an automobile service station, gasoline card lock facility or gasoline bar, or on any other property where vehicle fuel may be dispensed, unless a license has been obtained from the provincial body having jurisdiction and provided the location is in compliance with the requirements of the Ontario Propane Code and the Gasoline Handling Code, respectively.

d) Separation of an Automotive Washing Establishment from a Residential Zone

Where an Automotive Washing Establishment abuts a Residential Zone, the following requirements shall apply:

- i) Despite any other requirements of this By-law for a lot abutting lands zoned for residential use, a drive-through Automotive Washing Establishment shall not be permitted on any lot having a lot area of less than 3,000 m² (32,292.78 ft²) and shall not be located closer than 20 m (65.61 ft) to any lot line abutting such Residential Zone;
- ii) No washing or drying operations shall be permitted except within the building designed for the purpose of the Automotive Washing Establishment;
- iii) For a drive-through mechanical Automotive Washing Establishment, the building shall be so designed that drying machinery and equipment within the building is furthest removed from the lot line(s) abutting a residential zone, and that cars exiting the building do so also from the side of the building which is furthest removed from the lot line(s) abutting a residential zone.

e) Vacuum and Air Filling Stations

Are permitted in accordance to the approved site plan control agreement and are subject to the sight visibility triangle requirements in subsection 4.51 of this By-law.

f) Required Vehicle Queue Space

On lots where a drive-through Automotive Washing Establishment is to be erected, off-street vehicle queue spaces shall be provided in accordance with the following provisions:

- i) Required number and location of queue spaces:

Type of automobile washing establishment	Before each wash bay	After each wash bay
conveyor or mechanical type	10	2
manual type	3	1

- ii) Each required queue space shall be at least 3 m (9.84 ft) in width and 6 m (19.68 ft) in length.

4.3 Balconies, Decks and Patios

Patios as defined herein, are not governed by the provisions of this By-law and shall not be included in the calculation of lot coverage unless they are accessory to a commercial use in which case they are to be regulated by the corresponding site plan agreement. Required parking for commercial decks shall also be in accordance with the corresponding site plan agreement. Structures, such as gazebos, on patios will be included in the lot coverage calculation. Outdoor patios on public right of ways are permitted, subject to written permission from the Corporation of the Municipality of Leamington.

Decks and balconies as defined herein:

- a) shall not be built closer to the front lot line than the minimum distance required by this By-law for the main building on the lot;
- b) shall comply with the side and rear yard requirements of the zone as modified by subsection 4.43 of this By-law;
- c) shall be included in the calculation of lot coverage;
- d) shall be considered when determining the required parking. The required parking for decks and balconies accessory to commercial uses shall be in accordance with the corresponding site plan agreement.

4.4 Bed and Breakfast Establishments

A bed and breakfast establishment, as defined herein, shall be established in the permitted uses and considered an accessory use, in accordance with the following requirements:

- a) that the number of guest suites does not exceed 3 excluding any un-rented bedroom for the use of the owner or operator. The maximum occupancy load for the dwelling unit shall be 10 persons;
- b) that the use of the dwelling does not change the residential character of the dwelling;
- c) that the use be located only in the main dwelling and not in an accessory building or structure;
- d) that the lot fronts on a public and year-round maintained public road;
- e) that the use shall only be allowed in a single unit detached dwelling;

- f) have at least 1 parking space per guest suite in addition to the main building requirements set out in this By-law;
- g) have no external display or advertisement other than an unlit sign attached to the building main wall which is a maximum size of 0.5 m² (5.38 ft²) indicating only the name, occupation and practicing hours of the occupant;
- h) that the bed and breakfast establishment is not combined with any other farm occupation, home occupation, group home dwelling or boarding house.

4.5 Boat Docks and Boat Houses

Notwithstanding any other provision of this By-law to the contrary, a boat house, pump house or a dock may be erected and used in the rear yard of a lot abutting a navigable waterway provided such accessory building or structure is located no closer than 1 m (3.28 ft) to the side lot line, and that no building or structure shall exceed 5.2 m (17.06 ft) in height above the high water datum. Proponents will be required to obtain a permit from the Conservation Authority and the Ministry of Natural Resources prior to undertaking work.

4.6 Bus, Transport Trailers or Recreational Vehicles “Parking”

- a) In any zone, where the sale of goods are permitted, no bus, transport trailer, recreational vehicle or other similar vehicle shall be parked and used for wholesale or retail sale of goods, articles or things for a period of more than 15 days within any given calendar year.
- b) In any Residential Zone, parking of a recreational vehicle shall be permitted between the months of April to October. The lot on which the vehicle is parked must have a residential dwelling unit.

4.7 Bus, Transport Trailers or Recreational Vehicles “Storage”

- a) In any zone, no bus, transport trailer or other similar vehicle shall be used for the living, sleeping or eating accommodation within the Corporation of the Municipality of Leamington whether or not the same is mounted on wheels.
- b) In any zone, no recreational vehicle shall be used for the living, sleeping or eating accommodation of persons for a period of more than 15 consecutive days or unless such vehicle is located within a licenced trailer campground. The lot on which the vehicle is used must have a residential dwelling unit.
- c) In any zone, no bus, transport trailer, recreational vehicle or other similar vehicle shall be used as a permanent office or for storage purposes.
- d) In any zone, the owner or occupant of any lot shall not store a recreational vehicle or other similar vehicle in any front yard or exterior side yard. Such vehicle may be stored in any rear or interior side yard behind or beside the main building within 0.5 m (1.64 ft) of the interior side lot line and 1m (3.28 ft) from the rear lot line. Notwithstanding this,

owners or occupants of any lot abutting Lake Erie may store such vehicles in the front or interior side yards only. The lot on which the vehicle is stored must have a dwelling unit.

4.8 Change of Use

A permit is required from the Corporation of the Municipality of Leamington prior to a change of use in an existing building. Subsection 4.38 of this By-law regarding the provision of parking also applies to a change of use.

4.9 Conformity With Existing Setbacks

Notwithstanding any other provisions of this By-law, in any zone where a building is erected on a lot between existing buildings on lots not more than 45 m (147.63 ft) apart and within the same block and fronting on the same street, the minimum setback may be equal to the average setback of the adjacent buildings, provided that this depth is not less than 3 m (9.84 ft) from the front lot line. This setback need not be greater than the setback required for the zone in which said building is located.

4.10 Converted Dwellings

A converted dwelling, as defined herein, shall comply with the following provisions:

- a) each unit after conversion contains a minimum floor area of 50 m² (538.21 ft²);
- b) the building is structurally suitable for the proposed conversion;
- c) the external appearance of the building as a single unit detached dwelling is preserved;
- d) municipal services are available for all units; and
- e) provided there is no change in the external appearance or addition of the dwelling as a result of the conversion and provided all other requirements of this By-law are met;

Units located within single unit attached dwellings, multi unit dwellings, semi detached dwellings and two unit dwellings shall not be permitted to be converted.

4.11 Cumulative Standards

Despite anything contained in this By-law, where any land, building or structure is used for more than one purpose, all provisions of this By-law relating to each use shall be complied with.

When a building, structure or lot accommodates more than one use, the delivery space requirements, loading space requirements and parking space requirements for such a building, structure or lot shall be the sum of the requirements for the separate uses thereof, unless exempted elsewhere in this By-law.

4.12 Driveway Regulations

Driveways shall be permitted in any yard, in any zone, in accordance with the requirements of this By-law or corresponding site plan agreements provided they comply with the provisions for sight

visibility triangles of this By-law:

- a) a driveway serving a residential use shall have a minimum width of 3 m (9.84 ft) and a maximum width of 7.5 m (24.60 ft) measured along the street line. A driveway for a commercial or industrial use shall be a maximum of 9 m (29.52 ft) and subject to the approved site plan control agreement. A driveway for any other use shall have a width of 3 m (9.84 ft) minimum, 9 m (29.52 ft) maximum, measured along the street line;
- b) the minimum distance between a driveway access and an intersection of street lines, measured along the street line, shall be 9 m (29.52 ft);
- c) the minimum angle of intersection between a driveway access and a street line shall be 60 degrees;
- d) each dwelling unit, excluding dwelling units contained in a multi unit dwelling, shall be limited to one driveway access. Every other lot shall be limited to a minimum of 1 driveway access and a maximum of 2 driveway accesses, unless approved by Site Plan Control.

4.13 Dwelling Units in a Non-Residential Buildings or on Non-Residential Lots

Where an accessory dwelling or accessory dwelling unit is a permitted use in a non-residential building or on a non-residential lot, the following requirements shall apply:

- a) the dwelling or dwelling unit complies with Section 4.48;
- b) the dwelling or dwelling unit shall have a separate parking space as set out in Section 4.38;
- c) the dwelling shall comply with all applicable setbacks and other zone standards in the zone in which the dwelling is located;
- d) no dwelling unit shall be permitted in a commercial building used for an automotive service i.e. auto body shop, auto repair garage, automotive service station, automotive sales establishment, automotive washing establishment, gasoline bar, gasoline card lock facility, commercial parking lot, a recreational vehicle sales, storage and repair establishment, or a sales, storage and repair establishment for boats, snowmobiles, all terrain vehicles or similar sports equipment;
- e) accessory buildings and structures associated with residential uses are subject to 4.1 of this By-law.

4.14 Existing Lots

An existing lot having less than the minimum lot frontage or lot area required by this By-law may be developed for all uses in the appropriate zone provided all other regulations of this By-law are satisfied; and:

- a) such lot could have been legally conveyed on the date of passing of this By-law without consent under the *Planning Act*, as amended from time to time. Lots created by consent on

or before the passing of this By-law and granted subject to the fulfillment of specific conditions shall also be considered as being legally conveyable for the purposes of this subsection;

- b) such lots are serviced by municipal water and sanitary sewage facilities or meet the requirements for private services;
- c) such lots front on a public road or a private road in a residential zone;
- d) such lots have a minimum lot frontage of 12 m (39.37 ft); and
- e) notwithstanding any other regulations of this By-law, where a use, building or structure was legally established on a lot, and such lot was subsequently altered as a result of a project of a public authority (such as a road construction project or a easement or right-of-way) or by expropriation of municipal provincial or federal acquisition thereby causing the use, building or structure to contravene any regulations of the By-law, the said use, building or structure shall be deemed to comply with the By-law and may be enlarged, extended, reconstructed, repaired or renovated provided that any regulations which are currently not met, are not further contravened and that all regulations which are complied with, are not contravened by any works undertaken.

4.15 Farm Occupations

Farm occupations, as defined herein, shall be established in the permitted uses and considered an accessory use, and shall be permitted in accordance with the following provisions:

- a) the farm occupation does not change the character or use of the farm for agricultural purposes and does not significantly alter the appearance of the farm operation, dwelling or accessory structure;
- b) the farm occupation does not create or become a nuisance, particularly with respect to noise, traffic or parking;
- c) the farm occupation does not have any external storage of materials or containers in the front or exterior side yard;
- d) be clearly secondary to the agricultural use of the property and have only members of the family permanently residing at the property and no more than one assistant at any given time engaged in the business;
- e) have no external display or advertisement other than an unlit sign attached to the building main wall which is a maximum size of 0.5 m² (5.38 ft²) indicating only the name, occupation and practicing hours of the occupant;
- f) not use mechanical equipment, the operation of which would result in any undue noise, fumes, dust, or odour escaping to any adjoining premise;
- g) if located in the dwelling unit, not occupy more than 25 % of the gross floor area of the dwelling unit including in the gross floor area any basement or attached garage, or 30 m² (322.92 ft²) whichever is the lesser. If located in an accessory building, not occupy more

than 200 m² (2,152.85 ft²) within the accessory building;

- h) have the location of all parts of a farm occupation, other than parking, confined within a building;
- i) have at least but no more than two off-street parking spaces associated with the farm occupation in addition to the main building requirements;
- j) not be used to assemble or rally such persons for transportation to a work site;
- k) not have more than five persons present in the dwelling at any time to receive treatment, services or instructions;
- l) not include any on-site retail store as part of the farm occupation, except for a specialty retail store or a road side stand;
- m) not include any commercial vehicles, parked outdoors, in association with the farm occupation;
- n) includes such occupations or activities but is not limited to: road side stands, equestrian schools, carpentry shops, welding shops, small scale packing and shipping facilities, tradesman's shops, specialty retail stores, small tool and equipment repair shops, a tile drainage contractor, a seed corn or an agricultural products dealer and any other use similar in nature which conforms to the preceding criteria or which the Committee of Adjustment, upon application, permits.

4.16 Fences

Fences, as defined herein, shall be permitted subject to the following regulations:

- a) within any area zoned Residential (R1, R2, R3, R4, R5, R6) fences are permitted in any required rear, interior side and exterior side yards and the maximum height shall be 2 m (6.56 ft) and in no case, shall be located less than 6 m (19.68 ft) from the front lot line. Where a required rear yard abuts a required front yard of an abutting property, the maximum height of the fence within a triangular space shall be 1.2 m (3.93 ft) for a distance of 6 m (19.68 ft) measured along the exterior lot line and the interior lot line of the abutting lot, or has no visual obstruction (see illustration of "Yard" in the definitions);
- b) within any area zoned Agricultural (A5), fences are permitted in any required rear, interior side and exterior side yards and the maximum height shall be 2 m (6.56 ft);
- c) within any area zoned Agricultural (A1, A2, A3, A4), fences are permitted around the entire parcel with no maximum height;
- d) within any other zone, fences are permitted in any required rear, interior and exterior yards and the maximum height shall be 3 m (9.84 ft) and shall be required in the corresponding site plan agreement;
- e) fences must comply with the provisions of section 4.51 of this By-law for sight visibility triangles and the Corporation of the Municipality of Leamington Swimming Pool By-law;

- f) if the property is abuts Lake Erie, fences will not be permitted in the required rear yard, unless the fence is less than 1.2 m (3.93 ft) or has no visual obstructions.

4.17 Floodplain Development Control Areas

The Floodplain Development Control Area as shown on Schedule "A" of this By-law is that area which lies within the regulatory (1:100 Year) floodplain of the adjacent watercourse. Notwithstanding any other provisions within this By-law, no building or structure or part thereof shall be erected, enlarged or reconstructed in the Floodplain Development Control Area without a permit/clearance issued by the relevant Conservation Authority.

Within this area, there is a Floodway Zone, the extent of which can be determined from the definition in this By-law. Development within the Floodway will only be permitted provided that it is consistent with works of a conservation authority, public or private passive parks. No buildings or structures shall be erected or used in the Floodway, except buildings or structures used for flood control and passive recreational purposes.

That area within the Floodplain Development Control Area but outside the Floodway Zone shall only be developed in accordance with the provisions for the underlying zones and shall be floodproofed to the satisfaction of the relevant Conservation Authority to ensure that structures satisfy minimum Provincial flood hazard requirements and that the proposed works do not adversely impact existing conditions at the building location as detailed in relevant Conservation Authorities Regulation of Development, Interference with Wetlands and Alterations to Shorelines and Watercourses.

4.18 Flood Protection Measures - Lake Erie

Development on all lands within Lake Erie Floodprone Area shown on Schedule "A" of this By-law shall be subject to the following additional regulations:

- a) **For the West Side of Point Pelee**

The lowest opening to any building or structure shall be above the minimum elevation of 176.44 m (578.87 ft) Geodetic Survey Canada (GSC) only when combined with a setback of 60 m (196.85 ft) where no shore protection works are installed. Should the owner request a lesser setback, the flood protection measures will need to be increased based on the preparation of a coastal engineering study, prepared by a qualified professional engineer to the satisfaction of the Conservation Authority. All protective works must be installed in accordance with the findings of the approved engineering report. The minimum finished grade elevation within a minimum horizontal distance of 2 m (6.56 ft) of all external walls shall be at or above elevation 176.14 m (577.88 ft).

- b) **For the East Side of Point Pelee**

The lowest opening to any building or structure shall be above the minimum elevation of 176.36 m (578.60 ft) Geodetic Survey Canada (GSC) only when combined with a setback of 125 m (410.10 ft) where no shore protection works are installed. Should the owner request a lesser setback, the flood protection measures will need to be increased based on the preparation of a coastal engineering study, prepared by a qualified professional engineer to the satisfaction of the Conservation Authority. All protective works must be installed in accordance with the findings of the approved engineering report. The minimum finished

grade elevation within a minimum horizontal distance of 2 m (6.56 ft) of all external walls shall be at or above elevation 176.06 m (577.62 ft).

4.19 Frontage on a Streets, Highways or Roads or Private Roads and Exemptions

a) Street, Highway or Road

Except for a condominium project where the condominium agreement provides for the ongoing maintenance of any highway, street or road providing direct access to a dwelling therein or land uses on one lot with multiple ownership and/or multiple use, no person shall erect any building or structure in any zone unless the lot upon which such building or structure is to be erected has sufficient frontage on a highway, street or road (developed in accordance with municipal standards) as per the requirements of the respective zone within which the lot is situated. For the purposes of this By-law a street, highway or road does not include an unopened road allowance. In the case of Natural Hazards, matters shall satisfy ingress and egress standards as referenced in the Provincial Policy Statements under the *Planning Act*.

b) Exemptions

The requirements for frontage on a highway, street or road shall be exempted for the following circumstances:

- i) for a public utility;
- ii) for any passive outdoor recreational use or activity (e.g. recreational trails or similar activities);
- iii) for a landlocked parcel accessed by a registered easement or right-of-way existing on the effective date of this By-law;
- iv) for a lot of record where access is via an existing private road or registered easement or right-of-way.

c) Maintenance or Subdivision Agreement

Despite subsection (a) above, where a maintenance or subdivision agreement exists between the Corporation of the Municipality of Leamington and a land owner(s) and is registered on title, frontage on an unopened or unmaintained street, highway or road or right-of-way shall be deemed to conform to the provisions of this section, provided that such frontage is in conformity with the zone standards set out in the corresponding zone or an exception thereto.

4.20 Garden Suites

Subject to the passing of a site specific temporary use by-law under Section 39 of the *Planning Act*, a maximum of one garden suite shall be permitted as a separate dwelling unit to a permitted main residential use on the same lot, provided that:

- a) the minimum lot area is 460 m² (4,951.56 ft²);
- b) the maximum floor area of the garden suite is 60 m² (645.85 ft²);
- c) the maximum height of the garden suite is 6 m (19.68 ft);

- d) the garden suite is located in a rear or interior side yard and meets the minimum yard and lot coverage requirements set out in the corresponding zone; and
- e) the dwelling unit is set back a minimum of 3 m (9.84 ft) from any rear or side lot line.

A garden suite shall only be permitted where the owner of the property has entered into an agreement with the Corporation of the Municipality of Leamington under the *Municipal Act* to register the name(s) of the occupant(s), to govern the appearance and maintenance of the structure and its removal when the dwelling has been vacated, the occupant(s) die or the temporary use By-law expires, whichever is applicable. A separate dwelling cannot be a recreational vehicle or a mobile home.

4.21 Group Home Dwellings

Group home dwellings in the form of single unit detached dwellings shall be permitted anywhere single unit dwellings are permitted. A lot that is occupied by a group home dwelling shall be at least one 100 m (328.08 ft) from another lot that is occupied by a group home dwelling.

4.22 Height Exceptions

The height regulations of this By-law shall not apply to prevent the erection, alteration or use of the following accessory buildings or structures provided the main use is a use permitted within the zone in which it is located: ornamental dome, chimney, tower, barn on a farm, cupola, steeple, church spire, belfry, water storage and fuel tanks, elevator enclosure, flag pole, television or radio antennae, ventilator, electrical apparatus, solar energy collection device, skylight, grain elevator, or a structure which encloses the mechanical equipment required for the operation of such building or structure.

4.23 Home Occupations

Home occupations, as defined herein shall, shall be established in the permitted uses, considered an accessory use, and shall be permitted in accordance with the following provisions:

- a) the home occupation does not change the character or use of the dwelling for residential purposes and does not significantly alter the appearance of the dwelling or accessory building;
- b) not create or become a public nuisance, particularly in regard to noise, traffic, loading or unloading, or parking;
- c) have no external storage of materials, containers or finished products;
- d) be clearly secondary to the residential use of the property and have only members of the family permanently residing at the property and no more than one assistant at any given time engaged in the business;
- e) have no external display or advertisement other than an unlit sign attached to the building main wall which is a maximum size of 0.5 m² (5.38 ft²) indicating only the name, occupation and practicing hours of the occupant;

- f) not use mechanical equipment, the operation of which would result in any undue noise, fumes, dust, or odour escaping to any adjoining premise;
- g) if located in the dwelling unit, not occupy more than 25 % of the gross floor area of the dwelling unit including in the gross floor area any basement or attached garage, or 30 m² (322.92 ft²) whichever is the lesser. If located in an accessory building, not occupy more than 30 m² (322.92 ft²) within the accessory building;
- h) have the location of all parts of a home occupation, other than parking, confined within a building;
- i) have at least but no more than two off-street parking spaces associated with the home occupation, in addition to the main use requirements;
- j) not be used to assemble or rally such persons for transportation to a work site;
- k) not have more than five persons present in the dwelling at any time to receive treatment, services or instructions;
- l) not include any on-site retail store as part of the home occupation;
- m) not include any commercial vehicles, parked outdoors, in association with the home occupation;
- n) includes such occupations or activities but is not limited to: an office or consulting room for business or professional people, agents, computer and other communication technicians, house builders, painters, electricians, charitable organizations; a workroom for caterers, dressmakers or tailors; a studio for teachers of music, art or academic subjects; ceramic and other home crafts, photographers, commercial artist, tool sharpeners, barber shops, hairstylists, hairdressers, aesthetic shops, massage therapists, mail order establishments, home child care establishments that for remuneration provides temporary day care centre to not more than five children; and any other use similar in nature which conforms to the preceding criteria or which the Committee of Adjustment, upon application, permits.

4.24 Illuminations

Illumination of buildings and grounds shall be permitted provided that:

- a) illumination shall not cause direct or indirect glare on a street, highway or road that may interfere with traffic or pedestrian safety;
- b) illumination shall not consist of a colour or be so designed or located that it may be confused with traffic signals;
- c) illumination shall not cause direct or indirect glare on land or buildings in a residential zone;
- d) illumination shall be directed downward; and
- e) illumination shall not create a nuisance for abutting properties.

Lighting direction and location may also be addressed through site plan control under the provisions of the *Planning Act*.

4.25 Keeping of Animals

The keeping of livestock shall only be permitted in an Agricultural Zone.

The keeping of all other animals shall be subject to Animal Control By-laws of the Corporation of the Municipality of Leamington.

4.26 Kennels

Dog kennels and boarding kennels, as defined herein, shall be established in the permitted uses, in accordance with the following provisions:

- a) Unless located within a dwelling, no new dog kennel shall be permitted closer than 60 m (196.85 ft) to an existing residential dwelling on a lot other than the lot upon which the dog kennel is proposed and must be licensed by the Corporation of the Municipality of Leamington.
- b) No proposed residential dwellings shall be permitted closer than 60 m (196.85 ft) to an existing licensed dog kennel.

4.27 Lake Erie Shoreline Setback Regulations

No part of any building or structure, other than a fence, hedge or shoreline protective work shall hereafter be erected in any zone or defined area:

- a) within 30 m (98.42 ft) of the water's edge of Lake Erie, measured horizontally along a line perpendicular to a line drawn along the water's edge where adequate erosion facilities and shore protection works accounting for 1:100 year wave run-up levels as designed or approved by a qualified engineer have not been constructed;
- b) within 7.5 m (24.60 ft) of the water's edge of Lake Erie, measured horizontally along a line perpendicular to a line drawn along the water's edge, where adequate erosion facilities and shore protection works accounting for 1:100 year wave run-up levels as designed or approved by a qualified engineer have been constructed and certified by a qualified engineer as built to design standards.

4.28 Land Suitability For Uses

Despite any other provision of this By-law, no habitable building or structure shall be constructed, erected, altered or used on land which, by reason of its rocky, low lying, marshy, unstable character or which is located or may be located on organic soil unless the proponent or applicant for development can demonstrate through professionally acceptable engineering techniques that the physical constraint can be mitigated or overcome, that the development is approved by the Corporation of the Municipality of Leamington, and that the requirements of the Ontario Building

Code with respect to construction or the installation of an individual on-site sewage and water system, where required, can be met. This provision does not apply to lands identified as having natural heritage features and areas.

4.29 Landscaped Open Spaces

Landscaped open space, as defined herein, shall be provided in accordance with the zone provisions set out herein for each zone and the following general provisions:

- a) any part of a lot which is not occupied by buildings, structures, parking areas, loading spaces, driveways, excavations or permitted outdoor storage areas shall be maintained as landscaped open space, except that this provision shall not apply to any Agricultural Zone;
- b) except as otherwise specifically provided herein, no part of any required front yard or required exterior side yard shall be used for any purpose other than landscaped open space;
- c) shall be subject to the sight visibility triangle requirements in subsection 4.51 of this By-law;
- d) where landscaped open space of any kind, including a planting strip, is required adjacent to any lot line or elsewhere on a lot, nothing in this By-law shall apply to prevent such landscaped open space from being traversed by pedestrian walkways or permitted driveways; and
- e) if the property abuts Lake Erie, landscaping will not be permitted in the required rear yard, unless the landscaping is less than 1.2 m (3.93 ft) or has no visual obstructions.

4.30 Loading Spaces

No person shall erect or use any building or structure in any Zone for any commercial or industrial purpose involving the movement of goods or persons unless loading spaces are provided and maintained in accordance with the following provisions:

- a) no loading space shall be required unless the total floor area exceeds 450 m² (4,842.91 ft²);
- b) required loading spaces shall not be less than 3.5 m (11.48 ft) wide by 9 m (29.52 ft) long and 4.5 m (14.76 ft) in height for clearance purposes;
- c) for each loading space, there shall be an accompanying apron not less than 3.5 m (11.48 ft) wide by 9 m (29.52 ft) long;
- d) where a loading area is situated on a lot line abutting a Residential Zone or an intervening lane separating such loading area from a Residential Zone, the loading area shall be completely screened therefrom by building walls or a uniformly constructed and solid fence, wall or door or any combination thereof, not less than 2.5 m (8.20 ft) in height;
- e) no loading area shall be located within 9 m (29.52 ft) of the nearest point of intersection of any 2 street lines;
- f) adequate drainage facilities shall be provided and maintained in accordance with the

requirements of the Corporation of the Municipality of Leamington;

- g) the loading space and approaches shall be maintained with a stable surface that is treated to prevent the raising of dust or loose particles;
- h) the lights used for illumination of the loading space shall be so arranged as to divert the light away from adjacent lots and from interference with street traffic.

4.31 Minimum Separation Distances

No person shall use any land, building or structure for a sensitive land use (e.g. residential use, daycare centre, educational or health facility) or for the use that would impact the sensitive land use as identified unless it complies with the following minimum separation distance. Separation distances shall be measured as set out for the respective requirement.

a) Industrial Uses

- i) for a Class I Light Industrial, the minimum separation distance from a sensitive land use shall be 20 m (65.61 ft);
- ii) for a Class II Medium Industrial, the minimum separation distance for this industrial classification from a sensitive land use shall be 70 m (229.65 ft);
- iii) for a Class III Heavy Industrial, the minimum separation distance from a sensitive land use shall be 300 m (984.25 ft);
- iv) no buildings, truck parking, loading and unloading area or outside storage will be permitted within 60 m (196.85 ft) of any lot line of the Mount Carmel/Blytheswood Public School. Further, no Class III Industry - Heavy Industrial Use as defined will be permitted within 500 m (1,640.41 ft) of any lot line of the Mount Carmel/ Blytheswood Public School.
- v) the separation distance shall be measured as the shortest horizontal distance from property line to property line. The separation distance may be measured from the closest distance from the property line of a sensitive land use to the building line of an industrial building, or an approved outside storage area under the following circumstances:
 - i. where the intervening area is devoted to and exclusively used for landscaping;
 - ii. where the intervening area is used exclusively as a non-employee parking area.

b) Pits and Quarries

- i) The minimum separation distance between the boundary of a pit and a sensitive receptor shall be 150 m (492.12 ft) measured as the shortest horizontal distance from the zone boundary of the A4 Zone or the maximum approved limit of the excavation, whichever is the lesser, and the closest property line of the sensitive land use. The separation distance shall apply on a reciprocal basis with respect to establishing a new pit. This provision shall not apply to infill on any existing lot of record approved or zoned for a sensitive use as of the effective date of this By-law.
- ii) The minimum separation distance between the boundary of the quarry and a sensitive receptor shall be 500 m (1,640.41 ft) measured as the shortest horizontal distance from the zone boundary of the A4 Zone or the maximum approved limit of the excavation, whichever is the lesser, and the closest property line of the sensitive land use. The separation distance shall apply on a reciprocal basis with respect to

establishing a new quarry. This provision shall not apply to infill on any existing lot of record approved or zoned for a sensitive use as of the effective date of this By-law.

- iii) The minimum setback between any pit or quarry excavation and the boundary of the site, also known as an excavation setback area, shall be 15 m (49.21 ft).
- iv) The minimum setback between a pit or quarry excavation and the boundary of the site, also known as an excavation setback area, shall be 30 m (98.42 ft) from any part of the boundary of the site that abuts a highway, land in use for residential purposes at the time the licence was issued, land restricted to residential use by a zoning by-law when the licence was issued, or from any body of water that is not the result of excavation below the water table.

c) Agricultural Use

Any livestock facility, manure facility or dwelling shall comply with the Minimum Distance Separation Formulae (MDS) I and II, where applicable. This provision shall not apply to infill on any existing lot of record approved or zoned for a sensitive use as of the effective date of this By-law and which is 2 ha (4.94 ac) or less in size. For the purposes of the MDS, any cemetery shall be classified as a Class B land use. Existing non-farm residential uses may be replaced where destroyed by a catastrophic event and will be exempted from MDS I and II. MDS I shall not limit the expansion of an existing use or the construction of accessory buildings and structures on the property.

d) Setback from Oil Wells

No dwelling or structure shall be erected within 75 m (246.06 ft) from an existing oil well.

No development shall occur directly over a well which has been decommissioned and every well shall be decommissioned to Provincial standards.

e) Hydro Electric Power Transmission Corridor

No building or structure shall be erected within 30 m (98.42 ft) of the right-of-way limit of a power transmission corridor carrying a 250 KV line or greater, unless approval from the power authority having jurisdiction has been received.

f) Municipal Trails

No building or structure shall be erected within 4.5 m (14.76 ft) of the right-of way limit of a municipal trail.

g) Irrigation and Storm Water Management Ponds

No irrigation or storm water management ponds shall be constructed within 3 m (9.84 ft) of any lot lines, in any zone.

4.32 Mobile Homes

Mobile homes shall be prohibited within the Corporation of the Municipality of Leamington, unless listed as a permitted use within the zone or defined area or specifically permitted by a temporary use by-law passed by the Council of the Corporation of the Municipality of Leamington or in accordance with subsection 4.54 of this By-law.

4.33 Multiple Uses

Notwithstanding anything contained in this By-law, where any land, building or structure is used for more than one purpose, all provisions of this By-law relating to each use shall be complied with, but no dwelling shall be located within 3 m (9.84 ft) of any other building on the lot except a building accessory to such dwelling.

4.34 Natural Heritage Features and Areas

- a) development and site alteration shall not be permitted in significant habitat of endangered species and threatened species or provincially significant wetlands;
- b) development and site alteration shall not be permitted in significant wildlife habitat or significant areas of natural and scientific interest unless it has been demonstrated that there will be no negative impacts on the natural heritage features or their ecological functions;
- c) development and site alteration shall not be permitted in significant fish habitat except in accordance with provincial and federal requirements or approvals;
- d) development and site alterations shall not be permitted on adjacent lands within 30 m (98.4 ft) of fish habitat, within 50 m (164.0 ft) of significant wildlife habitat, within 50 m (164.0 ft) of areas of natural and scientific interest and within 120 m (393.7 ft) of provincially significant wetlands unless the adjacent lands have been evaluated and it has been demonstrated that there will be no negative impacts on the natural heritage features or areas or their ecological functions.

4.35 Non-Compliance with Minimum Lot or Yard Requirements

Where an existing building or structure is located on a lot having less than the minimum lot frontage and/or lot area required by this By-law, or having less than the minimum setback, front yard, side yard, rear yard, or flood protection measures required by this By-law, the said building or structure, including foundation, may be reconstructed, repaired, enlarged or renovated provided that the repair or renovation of the existing said buildings or structures, or any part thereof, does not further increase any existing non-compliance and complies with the other setback and yard requirements of the applicable zone. Notwithstanding the preceding, such enlargement, repair or renovation shall not apply to the construction of an additional storey, an accessory building or structure or be allowed if the same results in the continuation of an existing or the establishment of a new encroachment onto abutting property.

4.36 Non-Conforming Uses

a) Continuation of Existing Uses

The provisions of this By-law shall not apply to prevent the use of any lot, building or structure for any purpose prohibited by this By-law if such lot, building or structure was lawfully used for such purpose on the date of passing of this By-law, providing such use has been continuous since that date or interrupted by fire damage or natural disaster for a period of less than 3 years and not used for any other purpose.

b) Building Permit Issued

The provisions of this By-law shall not apply to prevent the erection or use of any building or structure for a purpose prohibited by this By-law of any building or structure the plans for which have been submitted no more than thirty days prior to the date of the passing of the By-law, and have been approved for zoning requirements by the Planner, so long as the building or structure when erected is completed in conformity with such plans and is used and continues to be used for the purpose for which it was erected and provided the erection of such building or structure commenced within two years after the date of the passing of the By-law and such building or structure is completed in conformity with such plans expeditiously after the construction thereof is commenced.

c) Permitted Exterior Extension

A building, which at the date of passing of this By-law was used for a purpose not permissible within the zone in which it is located, shall not be enlarged, extended, reconstructed or otherwise structurally altered, unless such building is hereafter to be used for a purpose permitted within such zone and complies with all requirements of this By-law for such zone.

d) Permitted Interior Alteration

The interior of any building lawfully used on the date of passing of this By-law for a use that is not permitted within the zone that such building is located may be reconstructed or structurally altered in order to render the same more convenient or commodious for the same purpose for which, at the passing of this By-law, such building was used.

e) Restoration to a Safe Condition

Nothing in this By-law shall prevent the strengthening or restoration to a safe condition of any building or structure or part thereof provided that the strengthening or restoration does not increase the building height, size or volume or change the use of such building or structure.

4.37 Outside Storage, Sales and Displays

Outside storage, sales and display of goods and materials shall be in accordance with subsection 4.1 of this By-law and with the following provisions:

a) The area used for outside display and sale in Commercial and Industrial Zones shall not be more than twice the floor area above grade of the commercial building or portion of any such building constructed upon the lot and used for the commercial purposes for which outside display and sale is permitted and in any event, such area for outside display and sale shall not be more than 35 % of the lot area.

b) Any areas used for permitted outside display and sale in Commercial and Industrial Zones shall be in addition to and separate from such areas as may be required by this By-law for the provision of parking and loading spaces. Prior to the establishment of an area for the outside display and sale of goods and materials, the owner shall file in writing with the Corporation of the Municipality of Leamington a notice thereof giving full particulars including a sketch or survey of the lands to be used in relation to all buildings or other structures on the same lot. If outside storage is abutting a Residential Zone, a privacy fence will be required.

c) Outside storage of goods and materials in Residential Zones which is not associated with

landscaping is permitted in the required rear yard only or in the required interior side yard if the area is surrounded by a privacy fence.

- d) Outside storage, sales and display area are subject to the sight visibility triangle requirements in subsection 4.51 of this By-law.

4.38 Parking Area Requirements

Parking areas shall be permitted in any yard, in any Zone, in accordance with the requirements of this By-law or corresponding site plan agreements provided they comply with the provisions for sight visibility triangles of this By-law.

For every type of building listed below which is erected, altered or enlarged in any Zone after the passing of this By-law, or for which the use is being changed, off-street parking shall be provided and maintained in accordance with the following provisions, except that land within the areas shown on Schedule "B" to this By-law, shall be exempt from the parking requirements of this subsection if cash-in-lieu of parking is paid in accordance with the Corporation of the Municipality of Leamington's Cash-In-Lieu of Parking By-law:

Barrier Free Parking

In addition to each parking area required above, with the exception of low density residential dwellings, parking for people with physical disabilities shall be provided at a location specified by the Chief Building Official and in accordance with the following table:

Total Number of Parking Spaces In the Parking Area	Minimum Number of Spaces Designed for People with Physical Disabilities
1 to 25	1
26 to 99	2
100 and over	1 space for every 50 parking spaces

4.39 Parking Area Standards

Parking areas shall be permitted in any yard, in any Zone, in accordance with the requirements of this By-law or corresponding site plan agreements provided they comply with the provisions for sight visibility triangles of this By-law.

Where in this By-law parking areas are required or permitted:

- a) the parking areas, driveways and driveway approaches in all Zones other than the Agricultural Zones not subject to site plan control shall be hard surfaced to the satisfaction of the Corporation of the Municipality of Leamington. Agricultural Zones not subject to site plan control require only driveway approaches to be hard surfaced from the paved portion of the right of way to at least the right of way limits;
- b) if an addition or a change of use is made to the building or structure, then additional parking spaces shall be provided as required by subsection 4.38 for such addition;
- c) when a building or lot accommodates more than one use or purpose, the required parking spaces shall be the sum of the required parking spaces for the separate uses or purposes. Parking facilities for one use shall not be considered as providing required parking for any other use. Parking for freestanding buildings on shopping centre sites shall be provided at the applicable rate for the shopping centre. Big box retail store shall

- provide parking at the rate applicable to a comparably sized shopping centre;
- d) if calculation of the required parking spaces results in a fraction, the required parking spaces shall be the next highest whole number;
 - e) additional requirements for parking areas will be determined through the use of site plan control.

4.40 Parking Provisions for Residential Zones

- a) in any Residential Zone, for all lots other than a lot abutting Lake Erie, all parking spaces shall be located in a garage or carport or on a driveway in a side, rear, or front yard;
- b) in a Residential Zone where the lots abut Lake Erie, all parking spaces shall be located in a garage or carport or in a front or side yard;
- c) in any Residential Zone, no vehicle shall be parked on any part of a lot other than in a garage, carport, designated parking area or on a driveway.

4.41 Parking of Commercial Motor Vehicles in Residential Zones

The parking of commercial motor vehicles as defined herein is prohibited in Residential Zones except that the owner or occupant of any lot, building or structure may park a maximum of one commercial motor vehicle on the lot provided the vehicle has a dimension not greater than 2.5 m (8.20 ft) of width, 2.5 m (8.20 ft) of height above ground and 6 m (19.68 ft) of length or parked within an enclosed garage.

4.42 Parking of Transport Tractors and Transport Trailers Used for Non-Agricultural Purposes in the Agricultural Zones

Notwithstanding any other provisions of this By-law to the contrary, the parking of not more than one transport tractor used for non-agricultural purposes and not more than one transport trailer used for non-agricultural purposes is permitted in the Agricultural Zone provided:

- a) the truck is operated only by those residing on the subject property;
- b) an access permit is obtained from either the Corporation of the Municipality of Leamington, Ministry of Transportation or the County depending on the road jurisdiction (access upgrades may be required in many instances);
- c) on-site truck and trailer parking is not located closer than 9 m (29.52 ft) to any lot line.

Nothing in this subsection is intended to restrict the operation or use of any transport truck or transport trailer used and operated in association with a permitted agricultural use being carried out on the subject property.

Provisions pertaining to the parking of transport trucks in Residential Zones are addressed in

subsection 4.41 of this By-law and is entitled, Parking of Commercial Motor Vehicles in Residential Zones.

4.43 Permitted Encroachments in Required Yards

Every part of any required yard established by this By-law shall be open and unobstructed by any structure, other than a fence, from the ground upward, provided that those structures listed in the following table shall be permitted to project into the required yards indicated for the distances specified provided the building location complies with the minimum required yard setbacks of the applicable zone:

Structure	Required Yard In Which Projection Is Permitted	Amount of Encroachment Allowed
sills, belt courses, cornices, eaves, gutters, chimneys or pilasters	any yard	0.6 m (1.96 ft)
fire escapes, enclosed staircases and grade entrances	exterior side and rear yards	1.5 m (4.92 ft) subject to a maximum width of 4.5 m (14.76 ft)
window bays, canopies and awnings	front, rear and exterior side yards	0.9 m (2.95 ft) over a maximum width of 3 m (9.84 ft)
balconies and decks	any yard for multiple dwellings;	2.5 m (8.20 ft), except where there is a common dwelling wall there is no interior side yard requirement
	rear yards and exterior side yards for all other dwelling types	2.5 m (8.20 ft)
open, roofed porches not exceeding one storey in height	rear yards only	2.5 m (8.20 ft) including eaves and cornices
satellite dishes attached to the main structure	any yard	0.6 m (1.94 ft)
steps and landings	any yard	1 m (3.28 ft)
barrier free access	any yard, however must stay out of the sight visibility triangle	as required
free-standing outdoor furnace, air conditioning units and other such devices	rear and exterior side yards	1.5 m (4.92 ft)

4.44 Permitted Public and Other Uses

The provisions of this By-law shall not apply to the use of any land or to the erection or use of any

building or structure for the purpose of public service by the Corporation of the Municipality of Leamington, the Essex Power Corporation or by any local Board thereof as defined by the *Municipal Act*, the Corporation of the County of Essex, any department of the Government of Ontario or Canada, Bell Telephone, Union Gas or Hydro One, and the provisions of this By-law shall not apply to the use of any land or to the erection or use of any building or structure for the purpose of communication towers and other uses not regulated by the Corporation of the Municipality of Leamington, provided that with respect to all of the foregoing:

- a) any building erected or lot used in a Residential Zone under the authority of this paragraph shall be designed and maintained in general harmony with residential buildings and uses of the type permitted in the zone;
- b) and satisfies the setback requirements of all zones, including sight visibility triangle; and
- c) any parking and loading regulations for these uses are complied with.

4.45 Previously Approved Variances

The provisions of this By-law shall not apply to prevent the erection of any building or structure on a lot which, when such building or structure is constructed, would comply with a minor variance to By-law 4300-96 or By-law 4380 for that same lot, granted by the Committee of Adjustment for the Corporation of the Municipality of Leamington, the Township of Mersea or the Town of Leamington.

4.46 Prohibited Uses

- a) it shall be prohibited to use any land or to erect and use any building or other structure in any zone or defined area for the purpose of salvage yards, wrecking yards, automobile salvage yards, used tire warehousing, a waste disposal site or processing facility, concrete or asphalt batching plants, the collection of rags, junk, any refuse, hazardous material, scrap iron, or other scrap metals unless such uses are specifically listed as permitted uses within a particular zone or defined area;
- b) uses not listed as permitted uses in a zone or defined area in this By-law shall be prohibited in such zone or defined area;
- c) drive-through associated with uses permitted in the C1 Zone or abutting a Residential Zone shall be prohibited;
- d) the temporary storage of material and equipment in the road allowance particularly when development is occurring on abutting property shall be prohibited.

4.47 Screening and Buffering

Screening and buffering is a permitted use in any yard in any zone within this By-law provided it complies with the provisions of this By-law for sight visibility triangles and shall be required in the corresponding site plan agreement.

4.48 Servicing Requirements for all Developments

No person shall use any lot or erect, alter or use any building or structure in any zone or defined area within the Corporation of the Municipality of Leamington unless such land, building or structure is serviced with municipal water and municipal sanitary sewers or some other sewage and water system in compliance with the *Building Code Act* or the *Environmental Protection Act*, whichever applies.

4.49 Setbacks from Inland Watercourses and Municipal Drains

No part of any building or structure other than a permeable fence, shall hereafter be erected in any zone or defined area closer to an inland watercourse or an open municipal drain than 8 m (26.24 ft) plus the depth of the watercourse or drain to a maximum of 15 m (49.21 ft), from the top of bank, measured horizontally along a line perpendicular to a line drawn along the top of bank, or in the case where a drain is covered, the minimum setback shall be 3 m (9.84 ft) from the centerline of the drain. Note that this provision may not satisfy development within lands under the jurisdiction of the Conservation Authority. The Conservation Authority should be contacted to determine the actual limit of Regulation.

4.50 Setbacks from Easements or Right-Of-Ways

No part of any building or structure other than a fence shall hereafter be erected in any zone or defined area on a registered easement or right-of-way.

4.51 Sight Visibility Triangles

Notwithstanding any other provisions of this By-law, within the triangular space included between the street lines for a distance of 7 m (22.96 ft) in Agricultural Zones and 9 m (29.52 ft) in all other Zones, from the point of intersection, or 4.5 m (14.76 ft) where an alley intersects another alley or where an alley intersects a street, no building or structure including a sign or fence, unless of open mesh or unobstructed construction, or any outside storage or parking shall be erected or permitted. No shrubs or foliage shall be planted or maintained which obstruct the view of a driver of a vehicle approaching the intersection unless they are below a height of 0.8 m (2.62 ft) above the centreline grade of the intersecting street.

4.52 Site Plan Control

The development of all new buildings and establishments listed as a permitted uses in this By-law shall be subject to site plan control according to Section 41 of the *Planning Act*.

4.53 Street Frontage Requirements

No person shall erect any building or structure unless the lot upon which such building or structure is to be erected has lot frontage upon a street which has been assumed and maintained by the Corporation of the Municipality of Leamington, the County, the Province of Ontario or some other road authority in such a manner so as to permit its use by vehicular traffic. A building or structure may be erected upon a lot within a registered plan of subdivision provided that it is in accordance with the provisions of a Subdivision Agreement, in respect of such plan of subdivision

notwithstanding that the streets within such plan of subdivision have not been assumed and are not yet being maintained by the Corporation of the Municipality of Leamington, the County, the Province or some other road authority. The same shall apply to development of lots created through the consent process where a development agreement has been executed.

Notwithstanding the previous paragraph, for the purposes of this subsection, private roads that existed on the date of adoption of this By-law shall be considered as streets despite the fact that such roads have not been assumed by the Corporation of the Municipality of Leamington. This subsection shall only have effect for the purpose of applying provisions of this By-law and not to the consideration and granting of consents. This subsection shall also not imply any obligation on the Corporation of the Municipality of Leamington to assume and/or develop any private road into a public street or to maintain it for private or public purposes.

4.54 Temporary Buildings

Temporary buildings are not permitted with the exception of those permitted in subsection 4.55 of this By-law and those permitted as a result of the execution of a temporary use by-law. In no case shall the building or structure be permitted for more than 1 year from the issuance of a Building Permit.

4.55 Temporary Construction Uses

The temporary use of buildings and structures incidental and necessary for construction or restoration work will be permitted in all zones and defined areas, but only for so long as the same are necessary for construction or restoration work.

Notwithstanding any other section of this By-law to the contrary, a mobile home may be used as a temporary dwelling for a period not to exceed 180 days after a building permit has been issued in those instances where a dwelling is being constructed, reconstructed or restored on the same lot, provided:

- a) the mobile home is connected to the existing water and sanitary facilities to the satisfaction of the Corporation of the Municipality of Leamington;
- b) the mobile home complies with specifications CAN/CSA-Z240.2.1 or CAN/CSA-Z241 Series-M contained within the Ontario Building Code;
- c) an agreement is executed between the land owner and the Corporation of the Municipality of Leamington ensuring, among other things, that the mobile home is removed by a specified date.

4.56 Uses Permitted in all Zones

Nothing in this By-law shall prevent land to be used as a street or prevent the installation of a watermain, sanitary sewer main, storm sewer main, gas main, pipe line or overhead or underground hydro, telephone, television or communication line, tower, or other similar facility.

4.57 Walls, Antennae, Signs, Light Standards, Etc.

Notwithstanding any other provision of this By-law, freestanding walls, antennae, signs, light standards with lighting deflected away from adjacent residential lots, and similar accessory buildings or structures are permitted in any required rear and required side yard provided that they comply with the provisions of this By-law for sight visibility triangles. Where a required rear yard abuts a required front yard of an abutting property, the similar accessory buildings or structures shall not be located within a triangular space for a distance of 6 m (19.68 ft) measured along the exterior lot line and the interior lot line of the abutting lot (see illustration of “Yard” in the definitions).

4.58 Wayside Pits and Portable Asphalt Plants

Wayside pits and portable asphalt plants shall be permitted in all zones except for Residential, Floodplain Development Control Area and Environmental Protection Zones without an amendment to this By-law provided all other necessary approvals are obtained.

4.59 Wind Energy and Renewable Energy Systems

Wind energy and other renewable energy systems such as solar, biomass, anaerobic digester shall be permitted in all zones, in accordance with provincial and federal requirements.

All wind turbine or wind farm developments shall only be permitted if the following provisions have been satisfied:

- a) a Wind Resources Assessment has been completed by the proponent to the satisfaction of the Corporation of the Municipality of Leamington and any approval agency;
- b) all site requirements have been met to the satisfaction of the Corporation of the Municipality of Leamington.

This section shall not be deemed to limit the Corporation of the Municipality of Leamington’s authority to impose other measures through the site plan control process under Section 41 of the *Planning Act*.

4.60 Yard and Open Space Provisions for All Zones

No part of a yard or other open space required for the purpose of complying with the provisions of this By-law shall be included as a part of a yard or other space similarly required for another building.

4.61 Zone

Where a lot is divided into more than one zone under the provisions of this By-law, each portion of the said lot shall be used in accordance with the most similar zone requirements of this By-law for the applicable zone.

SECTION 5 - ZONES AND ZONING MAPS

5.1 General

For the purpose of this By-law all of the lands within the boundaries of the Corporation of the Municipality of Leamington are hereby divided into various zones to which the provisions and regulations herein shall respectively apply.

5.2 Establishment of Zones

For the purpose of this By-law the maps and map parts hereto annexed as Schedule "A" and forming part of this By-law shall be referred to as the Zoning Maps for the Corporation of the Municipality of Leamington and the Zoning Maps shall be divided into the following zones and such zones are shown on the Zoning Maps by symbols consisting of letters and numbers, shading or letters only as the case may be, as listed below:

Zone	Symbol
Residential Zone	R1
Residential Zone	R2
Residential Zone	R3
Residential Zone	R4

Agricultural Extractive Zone	A4
Agricultural Residential Zone	A5
Environmental Protection Zone	EP
Wetland Zone	W
Floodplain Development Control Area	see map legend
Lake Erie Floodprone Area	see map legend
Holding Zone	(h)

5.3 Use of Zone Symbols

The symbols listed in subsection 6.2 shall be used to refer to land, building, and structures and the uses thereof permitted by this By-law in the said zones, and wherever in this By-law the word "zone" is used, preceded by any of the said symbols, such zones shall mean any area within the Corporation of the Municipality of Leamington delineated on the Zoning Maps and designated thereon by the said symbol.

5.4 Defined Areas

Certain areas within any of the various zones or within parts of more than one zone may be more specifically regulated and such areas shall be known as "Defined Areas". All zones may be subdivided into one or more defined areas which shall be designated by reference to the symbol of the zone within which each such defined area is located together with an additional symbol, either letter, number, or both so as to differentiate between defined areas within a zone from each other and from other areas within the zone.

5.5 Holding Zone (H) Provisions

Where the zoning applying to any lot includes the symbol (h) prefixed to any zone symbol, the provisions of the specific defined area pertaining to the property shall apply to such land until such time as the By-law is amended to remove the holding symbol (h).

Application of the (h) symbol indicates that development of the lands is premature at the present time. However, it does indicate the use to which lands, buildings or structures may be put at such time in the future as the holding symbol is removed by amendment to this By-law.

5.6 Application of Regulations

No person shall within any zone or defined area use or alter any land, lot or any part thereof, nor erect, build, construct, reconstruct, relocate, excavate for, alter, add to, enlarge, extend or use any building or structure, or any part thereof, except in conformity and compliance with the regulations of this By-law for the zone or defined area in which such land, building, structure or use is located and in accordance with any site plan agreement.

5.7 Interpretation of Zone and Defined Area Boundaries

Where any uncertainty exists as to the location of the boundary of any of the said zones or defined areas as shown on the Zoning Maps, the following shall apply:

- a) unless otherwise shown, the boundaries of the zone or defined area are the centerlines of the street, or lot lines, and the projection thereof, as shown on the Zoning Maps;
- b) where zone boundaries or defined area boundaries are indicated as approximately following lot lines shown on a registered plan of subdivision, such lot lines shall be deemed to be the said boundary;
- c) where zone boundaries or defined area boundaries are indicated as approximately parallel to the street line and the distance from such street line is not indicated, such zone boundaries

or defined area boundaries shall be construed as being parallel to such street line and the distance there from shall be determined by the use of the scale shown on the Zoning Maps;

- d) unless otherwise indicated, a street, alley, lane, railway or electrical transmission line right-of-way or watercourse included on the Zoning Maps is included within the zone or defined area of the adjoining property on either side thereof; and where such street, alley, lane, right-of-way or watercourse serves as a boundary between two or more different zones, defined areas or both, a line midway in such street, alley, lane, right-of-way or watercourse and extending in the general direction of the long division thereof is considered the boundary between zones, defined areas, or both, unless specifically indicated otherwise;
- e) in the event a dedicated street, alley, lane, or right-of-way shown on the map is closed, the property formerly in the said street, alley, lane, or right-of-way shall be included within the zone or defined area of the adjoining property on either side of the said closed street, alley, lane, or right-of-way, and the zone boundary or defined area boundary shall be the former centreline of the said closed street, alley, lane, or right-of-way;
- f) where a zone or defined area boundary is indicated as following the centre of an open drain, and such drain is then covered, such boundary shall be the centreline of the covered drain;
- g) where a zone or defined area boundary is indicated as following a shoreline or the edge of a watercourse, the boundary shall follow the water's edge of such shoreline or the top of the bank of such watercourses and, in the event that the water's edge of such shoreline or the top of the bank of such watercourse changes, the boundary shall be taken as having moved with the water's edge or top of bank. However, the limits of the Floodplain Development Control Area are to be determined in accordance with the definition of Floodway in this By-law;
- h) where a defined areas boundary appears to follow a zone boundary it shall be taken as following such zone boundary;
- i) wherever it occurs, the corporate limit of the Corporation of the Municipality of Leamington is the boundary of the zone or defined area adjacent to it;
- j) where any setback is related to a zone or defined area boundary which has moved under circumstances referred to in subsection (g), the point of the line of reference of such setback shall be taken as having equally moved;
- k) where any zone boundary or defined area boundary is left uncertain after application of the preceding provisions, then the boundary line shall be determined according to the scale on the Zoning Maps kept in the office of the Land Use Planner.
